## Did You Know?

Refrigerators that have earned the ENERGY STAR are about 9 percent more energy efficient than models that meet the minimum federal energy efficiency standard.

By properly recycling your old refrigerator and replacing it with a new ENERGY STAR certified refrigerator, you can save more than \$270 over the next five years!

Refrigerators over ten years old could be costing you about \$110 per year to run. If you need a second refrigerator year round, replace the old one with a new ENERGY STAR certified unit and save more than \$50 a year in operating costs.

## American Electric Power \$50 Rebate

Get \$50 back from American Electric Power on your purchase of a current ENERGY STAR certified refrigerator. This rebate is good for purchases made 1/1/20 through 12/31/21. Limit one per residential electric account per calendar year. Funding for this program is limited.

Please include a copy of your dated sales receipt and/or invoice from a participating retailer showing the manufacturer, model number and price of the ENERGY STAR certified refrigerator purchased. Incomplete information will delay or disqualify your rebate. All rebate requests must be postmarked no later than January 15, 2022. Please allow up to eight weeks for rebate processing. Some limitations may apply. For more information, call 888-261-4567 or email [takecharge@clearex.com](mailto:takecharge@clearex.com).
